

RGN NIGHTS – Full Time or Part Time

Job description

Job Purpose: To Work in Treeton Grange Care Home Rotherham

Promotes and restores patients' health by developing day-to-day management and long-term planning of the patient care area; directing and developing staff; collaborating with physicians and multidisciplinary professional staffs; providing physical and psychological support for patients, friends, and families.

Duties:

- * Accomplishes nursing human resource objectives by selecting, orienting, training, assigning, scheduling, coaching, counselling, and disciplining employees; communicating job expectations; planning, monitoring, appraising job contributions; recommending compensation actions; adhering to policies and procedures.
 - * Meets nursing operational standards by contributing information to strategic plans and reviews; implementing production, productivity, quality, and customer-service standards; resolving problems; identifying system improvements.
 - * Meets nursing financial standards by providing annual budget information; monitoring expenditures; identifying variances; implementing corrective actions.
 - * Identifies patient service requirements by establishing personal rapport with potential and actual patients and other persons in a position to understand service requirements.
 - * Maintains nursing guidelines by writing and updating policies and procedures.
 - * Assures quality of care by developing and interpreting hospital and nursing division's philosophies and standards of care; enforcing adherence to state board of nursing and state nurse practice act requirements and to other governing agency regulations; measuring health outcomes against standards; making or recommending adjustments.
 - * Completes patient care requirements by scheduling and assigning nursing and staff; following up on work results.
 - * Establishes a compassionate environment by providing emotional and psychological support to patients, friends, and families.
 - * Promotes patient's independence by establishing patient care goals; teaching and counselling patient, friends, and family and reinforcing their understanding of disease, medications, and self-care skills.
 - * Provides information to patients and health care team by answering questions and requests.
 - * Resolves patient needs by utilizing multidisciplinary team strategies.
 - * Maintains safe and clean working environment by designing and implementing procedures, rules, and regulations; calling for assistance from other health care professionals.
 - * Protects patients and employees by developing and interpreting infection-control policies and protocols; enforcing medication administration, storage procedures, and controlled substance regulations.
 - * Maintains patient confidence and protects operations by monitoring confidential information processing.
 - * Maintains documentation of patient care services by auditing patient and department records.
 - * Ensures operation of medical and administrative equipment by verifying emergency equipment availability; completing preventive maintenance requirements; following manufacturer's instructions; troubleshooting malfunctions; calling for repairs; maintaining equipment inventories; evaluating new equipment and techniques.
 - * Maintains nursing supplies inventory by studying usage reports; identifying trends; anticipating needed supplies; approving requisitions and cost allocations.
 - * Maintains professional and technical knowledge by attending educational workshops; reviewing professional
-

publications; establishing personal networks; participating in professional societies.

* Maintains a cooperative relationship among health care teams by communicating information; responding to requests; building rapport; participating in team problem-solving methods.

* Accomplishes organization goals by accepting ownership for accomplishing new and different requests; exploring opportunities to add value to job accomplishments.
